[Verse 01]

Well take me away
Take me to another place, yeah
Where my mind
Can think of it I say

[Verse 02]

Give me a heaven
Take me away
Save me from hell
Take me away
Give me a color
Of your way
Give me a color
Of your day

[Chorus]

Now take me away
And show me all the things
That I could be
Show me all the things
You gonna make of me
If it was yesterday
I need yesterday

[Riff]

[Verse 03]

You gotta love me or hate me
I touch your skin, cold!
And your lips, red!
You know red is the color of your way

[Verse 04]

Walking aboard to touch a flower

Thats when I looked up

And black was the color

Yeah, black was the color
Of your way

Black is the color of your day

[Chorus]

Now take me away
And show me all the things
That I could be
Show me all the things
You gonna make of me
If it was yesterday
I need yesterday

[Riff]

[Interlude]

I was cut by your thorn
And my blood dripped on the floor
Loving you it burns
But I cant feel it anymore
You know that walking aboard
To touch a flower
Thats when I looked up
And death was the color
Death was the color of your way
And Death is the color of your day

[Chorus]

Now take me away
And show me all the things
That I could be
Show me all the things
You gonna make of me
If it was yesterday
I need yesterday
You're mean yesterday
So it's yesterday
