

Tsol - Sixteen

tom:
E

Intro:

[Primeira Parte]

(E G D E)

I was eleven years old

I had no where to go

Daddy sold the farm

To buy a bottle

I was twelve years old

I was runnin' from the shadows

I made my way to the west coast, yes I did

I was fifteen years and had no time for tears

I shot a man doing things my way

I don't want to die

I've already been tried

So I say it again

[Refrão]

I'm sixteen, headed for the gallows

Tried to turn around, but it's too late

I'm sixteen, headed for the gallows

My judgement time will come today

[Segunda Parte]

Seventeen never came for me

And I can't wish it all away

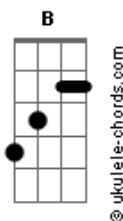

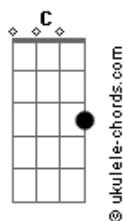

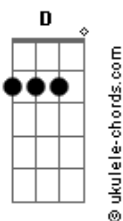

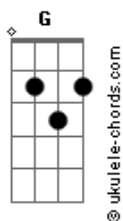

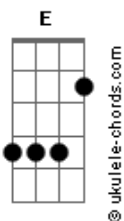

Seventeen it wont come for me

I'd take it all back, but I'm too late

I don't want to die

I've already been tried

Acordes

So I say it again

[Refrão]

I'm sixteen, headed for the gallows

Tried to turn around, but it's too late

I'm sixteen, headed for the gallows

My judgement time better come today

(C D E)

[Interlúdio]

[Terceira Parte]

My eyes are the windows of my life

Through them I see death and my life

For me there won't be ain't no sorrow

I am the chosen one

The dark side's only son

For me there won't be no tomorrow

[Final]

They say, Oh oh oh

Only Sixteen

Only Sixteen

I don't wanna die, I don't wanna die

I'm gonna get it

And gonna take it

To the gallows
