

# Turma do Pagode - Fica Mais

tom:

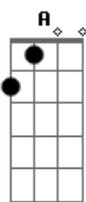

Você me fala o que eu preciso saber de verdade  
 E me acalma quando estamos longe e sinto saudade  
 Se eu for falar desse amor  
 Vai ter que sentar e ouvir um bom tempo  
 Percebi, quanto te quero bem  
 Descobri, depois que eu te encontrei, pude acreditar

Que nasceu pra mim  
 É como o sol que veio pra brilhar  
 Luz pra alimentar meu ser  
 Com você tudo é fácil  
 Tudo simplifica, fica mais  
 Explode o desejo  
 Tudo em minha vida  
 Fica em paz
