

The Turtles - Eve Of Destruction

Tom: **D**

eve of destruction

[12 string guitar]

Intro: **D**

verses

D the Eastern world it is exploding
D dont you understand what im trying to say
D think of all the hate there is in red china

violence flaring and bullets loading
 and cant you feel the fears that im feeling today
 then take a look around to selma alabama

youre old enough to kill but not for voting
 if the button is pushed theres no running away
 you may leave here for four days in space

you dont believe in war but whats that gun youre toting **D**
 theyll be know one to save with tha world in a grave
 but when you return its the same old place

even the jordan river has bodies floating
 take a look around you boy its bound to scare you boy
 the pounding of the drums the pride and disgrace

you can bury your dead but dont leave a trace
 hate your next door neighbor but dont forget to say grace

coda **D**

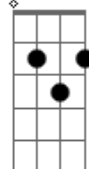

mcguire version

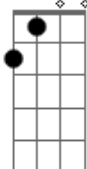

G yer my bloods so mad
 im sitting here
 i cant twist the truth
 hand full of sedatives
 and marches alone
 when human respect is
 this whole crazy world

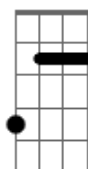

G **A**
 feels like coagulating
 just contemplating
 it knows no regulation
 dont pass legislation
 cant bring integration
 disintegrating
 is just to frustrating
