

The Turtles - Eve Of Destruction

Tom: **D**

eve of destruction

[12 string guitar]

Intro: **D**

verses

D the Eastern world dont you understand think of all the hate	G it is exploding what im trying to say there is in red china
---	---

violence flaring and and cant you feel the fears then take a look around	bullets loading that im feeling today to selma alabama
--	--

youre old enough to kill if the button is pushed you may leave here	but not for voting theres no running away for four days in space
---	--

you dont believe in war theyll be know one to save but when you return	but whats that gun youre toting with tha world in a grave its the same old place
--	--

even the jordan river take a look around you boy the pounding of the drums	has bodies floating its bound to scare you boy the pride and disgrace
--	---

you can bury your dead but dont leave a trace
hate your next door neighbor but dont forget to say grace

coda

D

mcguire version

G
yer my bloods so mad
im sitting here
i cant twist the truth
hand full of sedatives
and marches alone
when human respect is
this whole crazy world

G **A**
feels like coagulating
just contemplating
it knows no regulation
dont pass legislation
cant bring integration
disintegrating
is just to frustrating
