

Twenty One Pilots - Air Catcher

```
Tom: Ab
  Intro: Bbm Ab G C C
I don't fall slow like I used to
I fall straight down
You've stolen my air catcher
That kept me safe and sound
My parachutes will get me
Safely to ground
But now the cord's not working
And I see you staring me down
I won't fall in
Db
Love with falling
I will try to avoid
Those eyes
(Fm Db Ab C)
    I think you would beat
             Bbm
The moon in a pretty contest
    And the moon just happened to be
The very first thing that I missed
   I was doing fine on my own
And there wasn't much I lacked
                         Gm
  But you've stolen my air catcher
```

```
And I don't know if I want it back
I won't fall in
Db
Love with fall in
Ab
I will try to avoid
(C)
Those eyes
'Cause I'm not sure
 Db
I want to give you
Ab
Tools that can destroy
(C) Fm
My heart
And judges don't say
(Ab )
What you want to hear
                           Eb, Fm
