

Twenty One Pilots - Jumpsuit

```
Tom: B
                                                               Dusting off my jumpsuit
   [Intro] Bm Gbm Bm Gbm
       Bm Gbm Bm Gbm
                                                               I can?t believe how much I hate
                                                               Pressures of a new place roll my way
                                                               Jumpsuit, jumpsuit cover me
  -10/7--7-7-7-10/2--2-2----7-5h7-7-7/14-14-14-----|
                                                               Jumpsuit, jumpsuit cover me
                                                               I?ll be right there
                                                               But you?ll have to grab my throat and lift me in the air
E | -10/7--7-7-7-10/2--2-2----7-7-5h7-7-7/14-14-14-----|
                                                               If you need anyone
I can?t believe how much I hate
                                                               I?ll stop my plans
                                                                                   Em
                                                                                                   Gbm
Pressures of a new place roll my way
                                                               But you?ll have to tie me down and then break both my hands
Jumpsuit, jumpsuit cover me
                                                               If you need anyone
Jumpsuit, jumpsuit cover me
                                                               I?ll be right there
                                                               But you?ll have to grab my throat and lift me in the air
I crumble underneath the weight
Pressures of a new place roll my way
                                                               If you need anyone
Jumpsuit, jumpsuit cover me
                                                               If you need anyone (if you need anyone)
Jumpsuit, jumpsuit cover me
                                                               If you need anyone (if you need anyone)
                                                               If you need anyone
( Bm Gbm Bm Gbm )
( Bm Gbm Bm Gbm )
                                                               I can?t believe how much I hate
                                                               Pressures of a new place roll my way
                                                               Jumpsuit, jumpsuit cover me
  -10/7--7-7-7-10/2--2-2----7-5h7-7-7/14-14-14-----|
                                                               Jumpsuit, jumpsuit cover me
                                                               ( Bm Gbm Bm Gbm )

                                                               E | -10/7--7-7-10/2--2-2---7-7-5h7-7-7/14-14-14----- |
Spirits in my room, friend or foe?
Felt it in my youth, feel it when I?m old
                                                               Jumpsuit, jumpsuit cover me
Jumpsuit, jumpsuit cover me
                                                               Jumpsuit, jumpsuit cover me
