

Twenty One Pilots - Legend

Tom: G

Intro: G A F C

G A

You were one of those classic ones

Traveling around this sun

You were one of those classic ones

I wish she knew you

You were one of those classic ones

Now everybody knows

You were one of those classic ones

Now everybody knows

You were one of those classic ones

Alright

You're a legend in my own mind

My middle name

My goodbye

You were here when I wrote this

But the masters and mixes

Will take too long to finish

To show you

I'm sorry I did not visit

Did not know how to take it

When your eyes did not know me

Like I know you

(G)

You were one of those classic ones

Traveling around this sun

You were one of those classic ones

I wish she knew you

You were one of those classic ones

Now everybody knows

You were one of those classic ones

Now everybody knows

You were one of those classic ones
