

# Twenty One Pilots - The Hype

Intro: D A E

Tom:

Sometimes I feel cold, even paralyzed  
 My interior world needs to sanitize  
 I've got to step through or I'll dissipate  
 I'll record my step through for my basement tapes

Nice to know my kind will be on my side  
 I don't believe the hype  
 And you know you're a terrible sight  
 But you'll be just fine  
 Just don't believe the hype

Yeah, they might be talking behind your head  
 Your exterior world can step off instead  
 It might take some friends and a warmer shirt  
 But you don't get thick skin without getting burnt

Nice to know my kind will be on my side  
 I don't believe the hype  
 And you know you're a terrible sight  
 But you'll be just fine

Just don't believe the hype

( E )

No, I don't know which way I'm going

But I can hear my way around

No, I don't know which way I'm going

But I can hear my way around

No, I don't know which way I'm going

But I can hear my way around

No, I don't know which way I'm going

But I can hear my way around

But I can hear my way around

Nice to know my kind will be on my side

I don't believe the hype

And you know you're a terrible sight

But you'll be just fine

Just don't believe the hype  
 (don't believe the hype)

Nice to know my kind will be on my side

I don't believe the hype

And you know you're a terrible sight

But you'll be just fine

Just don't believe the hype
