

## Twice (K-Pop) - Strategy (Feat. Megan Thee Stallion)

```
I'm feeling all your attention on me
                tom:
                C
                                                                 Am7
                                                                              G7M
           C7M
                                                               Hi, no reason to be so shy with me
Hey, boy, I'ma get ya
                                                                    Am7
          C7M
                                                                I ain't gonna bite, come on over (no)
I'ma get you real good and I bet ya (it's Megan Thee Stallion)
                                                                   G7M
     G7M
                                                                I know you wanna move a little closer (yeah)
Hey, boy, once I get ya
                                                                Am7
                                                                          Bm7
                                                                I got a plan to get you with me
You'll be, oh, so glad that I met ya (and TWICE ) (ow!)
                                                                                                Bm7
                                                                I got you on my radar, soon you're gonna be with me \,
Step one, do my highlight
                                                                      F7
          C7M
                                                                My strategy, strategy will get ya, get ya, baby
Make me shine so bright in the moonlight
                                                                     C7M
                                                                Winning is my trademark, soon you'll never wanna leave
       G7M
Step two, silhouette tight
                                                               My strategy, strategy will get ya, get ya, baby (real hot
       G7M
Baby, even my shadow looks good, right?
                                                                girl, shh)
       C7M
Step three, when I arrive
                                                               Do you like that? (Huh?)
      C7M
Make you look my way with your heart eyes
                                                                          G7M
                                                                When I smack it and you watch it bounce it right back?
          G7M
Step four, got you on the floor
                                                                           Bm7
                                                               He really lost it when he saw me do the right, left (hmm)
           Bm7
Make you say: More, more, more
                                                                            F7
                                                                I'm a man eater, you just a light snack (baow)
                                                                             Am7
                                                                I got him pressed like he's workin' on his triceps (hmm)
When I say: Hi
           G7M
                                                                               G7M
                                                                I'ma flirt, I'ma tease, they be hurt after me
I'm feeling all your attention on me
                                                                             Bm7
                                                                Told him: Baby, what's a player to the G-A-M-E?
Hi, no reason to be so shy with me
   Am7
                                                                                E7
                                                                Sand need to worry 'bout him bringin' me to the beach
I ain't gonna bite, come on over (no)
      G7M
I know you wanna move a little closer (yeah)
                                                                Jealous? Who? Girl, please
     Bm7
I got a plan to get you with me
                                                                Left, right, left, right, do it to the beat (do it to the
                              Bm7
                                                                beat)
I got you on my radar, soon you're gonna be with me
                                                                Talk with my body, that's my strategy (baow, baow)
My strategy, strategy will get ya, get ya, baby
                                                                             Bm7
                                                                Other girls try, but I'm really hard to beat (I'm really hard
      C7M
                                Bm7
Winning is my trademark, soon you'll never wanna leave
                                                                to beat)
       F7
My strategy, strategy will get ya, get ya, baby
                                                                He'll be mine off my strategy (yeah, yeah)
                                                                        Am7
                                                                Left, right, left, right, do it to the beat (do it to the
Hey, boy, I'ma get ya
                                                                beat)
I'ma get you real good and I bet ya
                                                                Talk with my body, that's my strategy (baow, baow)
                                                                           Bm7
      G7M
                                                                Other girls try, but I'm really hard to beat (yeah, I'm really
Hey, boy, once I get ya
                                                                hard to beat)
You'll be, oh, so glad that I met ya
                                                               He'll be mine off my strategy (yeah, yeah)
When your cheeks go red (that's cute)
                                                                     Am7
                                                                My strategy, strategy
I wanna dance, you said (oh, cool)
                                                                      G7M
                                                                Like gravity, gravity
        C7M
Till I'm in your head (it's cruel)
                                                                        Rm7
        G7M
                                                                One look at me, look at me
And you can't forget
                                                                I bet ya, bet ya, bet ya, boy
         C7M
                                                                       Am7
You're feeling things now and you're confused
                                                                You'll be down on your knees
                                                                        G7M
      G7M
Watching my body getting loose
                                                                Calling me up, begging me: Don't leave
                                                               My strategy, strategy will get ya, get ya, get ya, boy (ah-
You don't know what you're gonna do
     B7
                                                                ooh)
You're mine
                                                                      C7M
                                                                Hey, boy, I'ma get ya
When I say: Hi
                                                                       G7M
```
