

Twice (K-Pop) - Strategy (Feat. Megan Thee Stallion)

```
I'm feeling all your attention on me
                tom:
            C
                                                                Hi, no reason to be so shy with me
Hey, boy, I'ma get ya
                                                                I ain't gonna bite, come on over (no)
I'ma get you real good and I bet ya (it's Megan Thee Stallion)
                                                                I know you wanna move a little closer (yeah)
Hey, boy, once I get ya
                                                                I got a plan to get you with me
You'll be, oh, so glad that I met ya (and TWICE ) (ow!)
                                                                I got you on my radar, soon you're gonna be with me \,
Step one, do my highlight
                                                                My strategy, strategy will get ya, get ya, baby
Make me shine so bright in the moonlight
                                                                Winning is my trademark, soon you'll never wanna leave
        G
Step two, silhouette tight
                                                                My strategy, strategy will get ya, get ya, baby (real hot
Baby, even my shadow looks good, right?
                                                                girl, shh)
Step three, when I arrive
                                                                Do you like that? (Huh?)
Make you look my way with your heart eyes
                                                                When I smack it and you watch it bounce it right back?
Step four, got you on the floor
                                                                He really lost it when he saw me do the right, left (hmm)
            Bm
Make you say: More, more, more
                                                                I'm a man eater, you just a light snack (baow)
                                                                I got him pressed like he's workin' on his triceps (hmm)
When I say: Hi
                                                                I'ma flirt, I'ma tease, they be hurt after me
I'm feeling all your attention on me
Hi, no reason to be so shy with me
                                                                Told him: Baby, what's a player to the G-A-M-E?
                                                                                E7
                                                                Sand need to worry 'bout him bringin' me to the beach
I ain't gonna bite, come on over (no)
I know you wanna move a little closer (yeah)
                                                                Jealous? Who? Girl, please
I got a plan to get you with me
                                                                Left, right, left, right, do it to the beat (do it to the
                                                                beat)
I got you on my radar, soon you're gonna be with me
                                                                Talk with my body, that's my strategy (baow, baow)
My strategy, strategy will get ya, get ya, baby
                                                                Other girls try, but I'm really hard to beat (I'm really hard
                              Rm
Winning is my trademark, soon you'll never wanna leave
                                                                to beat)
My strategy, strategy will get ya, get ya, baby
                                                                He'll be mine off my strategy (yeah, yeah)
                                                                Left, right, left, right, do it to the beat (do it to the
Hey, boy, I'ma get ya
                                                                beat)
I'ma get you real good and I bet ya
                                                                Talk with my body, that's my strategy (baow, baow)
                                                                Other girls try, but I'm really hard to beat (yeah, I'm really
Hey, boy, once I get ya
                                                                hard to beat)
You'll be, oh, so glad that I met ya
                                                                He'll be mine off my strategy (yeah, yeah)
When your cheeks go red (that's cute)
                                                                My strategy, strategy
I wanna dance, you said (oh, cool)
                                                                Like gravity, gravity
Till I'm in your head (it's cruel)
                                                                One look at me, look at me
And you can't forget
                                                                I bet ya, bet ya, bet ya, boy
You're feeling things now and you're confused
                                                                You'll be down on your knees
Watching my body getting loose
                                                                Calling me up, begging me: Don't leave
You don't know what you're gonna do
                                                                My strategy, strategy will get ya, get ya, get ya, boy (ah-
     B7
                                                                ooh)
You're mine
                                                                Hey, boy, I'ma get ya
When I say: Hi
```
