

Twin Peaks - Making Breakfast

Tom: E

Watching the garden grow
 Happy happy days
 Got egg yolk on my bed, Chinese food on the way

Watching the garden grow
 Straight into the sky
 Got a candle by my window it keeps me warm at night

Spending time together
 Watch out, don't let it get you down
 Nothing is forever
 That's right, but don't let it get you down

And I'm sitting in the back of a limousine
 Just going to a show
 Wishing you were here right next to me
 Oh, but you already know

That I'm the one who loves you
 Watch out, don't let it get you down
 And there will be no other
 That's right, but don't let it get you down
 Oh yeah, making breakfast

Watching the garden grow
 Such a beautiful day
 It's raining through the window but I like it that way

Watching the garden grow
 The color of your eyes
 Is changing with the season
 And God only knows why

Spending time together
 Watch out, don't let it get you down
 Nothing is forever
 That's right, but don't let it get you down
