

Twin Peaks - Making Breakfast

```
Watching the garden grow
Happy happy days
                       Dbm
Got egg yolk on my bed, Chinese food on the way
Watching the garden grow
Dbm B
Straight into the sky
                           Dbm
Got a candle by my window it keeps me warm at night
                    Dbm
Spending time together
                                  Dbm B
Watch out, don't let it get you down
Nothing is forever
That's right, but don't let it get you down
And I'm sitting in the back of a limousine
                    Dbm B
Just going to a show
Wishing you were here right next to me
Oh, but you already know
```

Acordes

```
That I'm the one who loves you
                                  Dbm B
Watch out, don't let it get you down
And there will be no other
That's right, but don't let it get you down
Oh yeah, making breakfast
Watching the garden grow
 Dbm B
Such a beautiful day
It's raining through the window but I like it that way
Watching the garden grow
The color of your eyes
Is changing with the season
And God only knows why
Spending time together
Watch out, don't let it get you down
Nothing is forever
That's right, but don't let it get you down
```
