

# Twin Peaks - Sloop Jay D

Tom: E

Intro: E Ab Dbm B  
A Gbm A Gbm

[Verse]

You got me feelin' so lucky and I hope that you fuck me

I hope that you love me cause I'd rather be

Ain't that my fuckin' problem man these girls won't make you happy

She said tell me something, a couple of stories

All the girls that broke me they were nothing like you

I guess I learned my lesson, got taught once

Don't be a fucking pussy, that's what she told me

[Chorus]

Bye, bye, bye

Bop bop bop badap bop pop

Bop bop bop badap bop pop

Bye, bye, bye

Bop bop bop badap bop pop

Bop bop bop badap bop pop

[Verse 2]

I'm such a loser, my friends knew I'd lose her

I wake up with bruises cause now I'm a boozier

I had a lot of problems way before I knew her

And I'm feeling so scummy, I hope that you call me

I'll tell everybody that I'm no longer lonely

You don't have to be crazy, you did that once

Don't be a fucking phony, that's what she told me

[Chorus]

Bye, bye, bye

Bop bop bop badap bop pop

Bop bop bop badap bop pop

Bye, bye, bye

Ohhh ohh oohhhh

[Verse 3]

I know it's wrong for loving you too long

Girl, that's on me

I know it's wrong for loving you too long

Girl, that's on me

[Outro]

I know it's wrong for loving you too long

I wrote you all these songs I'll never sing

I know it's wrong for loving you too long

For coming on too strong, girl, that's not me

## Acordes
