For the things i've seen no one else should know

Gbm A D  
Its just you and me and my ribcage brain

D A E  
We polish the brass and we dust the pane

Gbm E D  
And we lay down fallow like slaveless chains

Gbm E A  
And they call us sick as though they're all so sane

Gbm A D  
So fly low you carrion crow

D A E  
And seize my body for to free my soul  
Gbm E D  
And drop me high into the depths below  
Gbm E A  
For the things i've seen no one else should know

Gbm A D  
And what speak you of a love so bold  
D A E  
No song could sing no word could hold  
Dbm D A  
But i warn you now of an end foretold  
Gbm E A  
And a life long waitin' for death's parole

Gbm A D  
So fly low you carrion crow  
D A E  
Seize my body for it lives no more  
Gbm E D  
And drop me high into the depths below

Gbm E A  
For the things i've seen no one else should know  
Gbm E A  
For the things i've seen no one else should know  
Gbm E A  
For the things i've seen no one else should know
