

Ty Herndon - I Want My Goodbye Back

Tom: **C**

F G F G F G F G

I didn't mean to break your window

I was tryin' to wake you up

When I saw you out last night

It hit me like a truck

I tried to call all day at work

Didn't they give you my fax

Hey I Want My Goodbye Back.

Chorus:

I had a momentary, temporary
Lack of self-control

I said this, I said that

I was really on a roll

It's been downhill ever since

My good sense jumped the track

And I Want My Goodbye Back.

My doctor says I'm better now

But I still feel the pain

When I showed him your picture

He said man you are insane

He asked me for your number

And now his left eye is black

And I Want My Goodbye Back.

Chorus:

Well it might have been insensitive

But I have learned a lot

I know what I can live without

And I know what I ain't got.

Chorus:

Baby, you know I, I Want My Goodbye Back.
