# Tyler Posay - Kerosene

```
                    tom:
                     Db
        Bbm                        Gb
     About it heavy I don't wanna
                     Db    Ab
Get you down at all
Bbm                       Gb
     But if you let me I could show you
                 Db    Ab
That I'm down to fall
Bbm                Gb
A cheap trick and I smoke too quick
Db                          Ab
My tongues tied so I'll hit you with my stupid whit
Bbm                     Gb                  Db
Ab
So when you're ready I'll turn you around against the wall
Ab            Bbm
Blue and green
Gb
My head is finally clean
Ab                  Bbm
Making out at a sex party
Gb
Was it all just a dream
        Bbm
Kerosene
Fm        Gb
Burn and bleed
        Db               Ab
Just to have some clarity
          Bbm
Now I see
Fm        Gb
Blue and green
        Db               Ab
Neon lights surrounding me
          Bbm
Cuz I remember sometimes
          Gb
I was off the white lines
        Db                  Ab
I was nothing that I wanted to be
        Bbm
Kerosene
          Gb
Burn and bleed
        Db               Ab
Just to have some clarity
            Bbm
Some clarity
                 Gb
I was always in a bad mood
        Db
```

```
I was
                     Ab
Doing blow in the bathroom
         Bbm
I was
                     Gb
Close to god but my lips were still blue
Db                   Ab
I can't seem to come back down alone
Ab        Bbm
Blue and green
Gb
My head is finally clean
Ab                      Bbm
And spinning with these colors
                 Gb
Instead of all these fucked up things
        Bbm
Kerosene
Fm        Gb
Burn and bleed
          Db           Ab
Just to have some clarity
          Bbm
Now I see
Fm        Gb
Blue and green
        Db                 Ab
Neon lights surrounding me
          Bbm
Cuz I remember sometimes
          Gb
I was off the white lines
        Db                  Ab
I was nothing that I wanted to be
        Bbm
Kerosene
          Gb
Burn and bleed
        Db                 Ab
Just to have some clarity
        Bbm
Kerosene
Fm        Gb
Burn and bleed
        Db                 Ab
Just to have some clarity
          Bbm
Now I see
Fm        Gb
Blue and green
        Db                 Ab
Just to have some clarity
            Bbm
Some clarity
```
