Love hurts now you look out who's left with no words
Your heart's a balloon but then it bursts
It doesn't take a cannon just to pin your skin's not covering
Resistance love has got to fight for its existence the enemy
has armies for
Assistance the amourist the glamorous the kiss a fist listen
Get out of your own way ah ah ah
Get out of your own way ah ah ah
I could sing it to you you all night all night
If I could I'd make it alright alright
                     D
Nothing's stopping you except what's inside
I can help you but it's your fight your fight
Fight_back, don't take it lyin' down you got to bite back
The face of liberty's starting to crack
She had a plan up until she got a smacked in the mouth and it
all went south like
Freedom these slaves are looking for someone to lead them

For there is the kingdom of their own company Blessed are the superstars For the magnificence in their light Bm

Get out of your own way

Blessed are the arrogant

We understand better our own insignificance Blessed are the filthy rich

For you can only truly own what you give away Like your pain
