**F** **C**

**G**  
See the sunshine in her soul  
Hey, sister love  
Hey, see the burn  
Whoo!  
She comes like a carnival  
She is the big wheel

**F**  
She turned my head around  
Turned my head around

**G**  
She is the speedway  
She is the slipstream

**F**

She is comin' round

**C**  
Hold on to love  
Hold on to love

**F**  
Love won't let you go

**C**  
Hold on to love  
Hold on to love  
See the sun ride in her song

**G**  
See the sun ride in her soul

She is the gunfire  
She is the car crash  
She is the avalanche  
She is the thunder

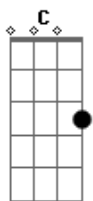

**F**  
She is the waves's hand  
She pulls me under  
**G**  
I love you 'cause I need to  
Not because I need you

**F** **C**  
I love you 'cause I understand  
That God has given me your hand  
Holds me in a tiny fist  
And still I need your kiss

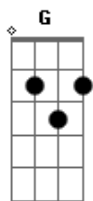

**F** **C**  
Hold on to love  
**F**  
Hold  
**C**  
See the sunlight in her song

**G**  
See the sunlight in her soul
