

## U2 - Trip Through Your Wires

Tom: **C**

In the distance **G F C**  
 She saw me coming round **G F C**  
 I was calling out **G F C**  
 I was calling out **G F C**

Still shaking, still in pain  
 You put me back together again  
 I was cold and you clothed me honey  
 I was down and you lifted me honey

Angel, angel or devil  
 I was thirsty  
 And you wet my lips

**C G**  
 You, I'm waiting for you  
**Bb F**  
 You, you set my desire

**C G**  
 I trip through your wires

I was broken, bent out of shape  
 I was naked in the clothes you made  
 My lips were dry, throat like rust  
 You gave me shelter  
 From the heat and the dust  
 There's no more water in the well  
 No more water in the well

Angel, angel or devil  
 I was thirsty  
 And you wet my lips

You, I'm waiting for you  
 You, you set my desire  
 I trip through your wires

Thunder, thunder on the mountain  
 There's a raincloud in the desert sky

In the distance, she saw me coming round  
 I was calling out, I was calling out
