Versão 2

Intro:

D
I want to run, I want to hide
I want to tear down the walls that hold me inside___
I want to reach out___
And touch the flame___
Where the streets have no name___
I want to feel, sunlight on my face
See that dust cloud disappear without a trace
I want to take shelter from the poison rain
Where the streets have no name___
Where the streets have no name___
Where the streets have no name___
We're still building then burning down love
Burning down love
And when I go there, I go there with you...
It's all I can do

The city's a flood
And our love turns to rust
We're beaten and blown by the wind, trampled in dust
I'll show you a place high on the desert plain
Where the streets have no name

Where the streets have no name
Where the streets have no name
Still building then burning down love
Burning down love
And when I go there, I go there with you
It's all I can do

D
Our love turns to rust
And we're beaten and blown by the wind
Blown by the wind, oh and I see love
See our love turn to rust

And we're beaten and blown by the wind
Blown by the wind, oh when I go there
I go there with you, it's all I can do
