

UB40 - Red Red Wine

```
tom:
               Α
                        Db Gb Ab
Red, red wine
            Db Gb Ab
Go to my head
Make me forget that I
                       Gb Ab
Still need her so
          Db Gb Ab
Red, red wine
          Db Gb Ab
It's up to you
         Db
All I can do, I've done
                         Gb Ab
But memories won't go
                   Db
                         Gb
No, memories won't go
  I'd have thought
           Db
That with time
Thoughts of her
Would leave my head
       Ab
I was wrong
             Gb
       Db
And I find
Just one thing makes me forget
```

Acordes

```
Db Gb Ab
Red, red wine
            Db Gb Ab
Stay close to me
            Db
                     Gb Ab
Don't let me be alone
              Ab Gb Ab
It's tearin' apart
                       Gb Ab
               Db
My blue, blue heart
( Db Gb Ab )
Ab
I'd have thought
That with time
Thoughts of her
Would leave my head
       Ab
I was wrong
       Db
And I find
Just one thing makes me forget
         Db Gb Ab
Red, red wine
Stay close to me
            Db
Don't let me be alone
             Ab Gb
It's tearin' apart
                       Gb Ab
               Dh
My blue, blue heart
[Final] Db Gb Ab
