UB40 - Red Red Wine

```
                              tom:
                    A

                     Db Gb  Ab
Red, red wine
           Db Gb  Ab
Go to my head
              Db     Gb   Ab
Make me forget that I
             Ab        Gb   Ab
Still need her so

         Db  Gb   Ab
Red, red wine
          Db  Gb   Ab
It's up to you
           Db        Gb  Ab
All I can do, I've done
                Ab     Gb   Ab
But memories won't go
               Db     Gb   Ab
No, memories won't go

Gb            Ab
   I'd have thought
         Db     Gb
That with time

Thoughts of her
                    Db
Would leave my head
       Ab
I was wrong
        Db     Gb
And I find
                       Ab
Just one thing makes me forget
```
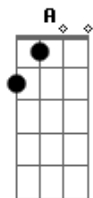

```
              Db  Gb  Ab
Red, red wine
              Db  Gb  Ab
Stay close to me
           Db        Gb  Ab
Don't let me be alone
            Ab   Gb   Ab
It's tearin' apart
                   Db     Gb  Ab
My blue, blue heart

( Db   Gb  Ab )

Ab
I'd have thought
              Db     Gb
That with time

Thoughts of her
                    Db
Would leave my head
       Ab
I was wrong
        Db     Gb
And I find
                       Ab
Just one thing makes me forget

          Db  Gb  Ab
Red, red wine
              Db  Gb  Ab
Stay close to me
           Db        Gb  Ab
Don't let me be alone
            Ab   Gb   Ab
It's tearin' apart
                   Db     Gb  Ab
My blue, blue heart
[Final] Db   Gb  Ab
