

Uh Huh Her - Covered

tom:

Bm

Bm **D**

Would I fall under that spell again

G

I don't think so anymore

A **Bm**

But I don't know what's written

Bm

I'll be there anyway

D **G**

Call it love I guess, hotter than the sun

A

You can appreciate it

Em

Oh say hey what you know

I don't know how to let it go

G

Say hey what you know

Wish you knew what I was thinking

D

Hey watch me now

Em

I know how to level you, hey

What you gonna say? What you gonna say?

Bm

Hollar now you want it

Bm **D**

Gonna see, see how do you love again?

G

Higher than the stars

A

She covered in my hands tonight
(Oh baby)

Bm

Hollar now you want it

Bm **D**

Gonna see, see how do you love again?

G

Covered by the dark, no light

A

She covered in my hands tonight

Bm **D**

Oh, see all the things that surround you are full of love

G

Brighter than the stars

A

So why all those cold dark hours?

Em

Oh say hey what you know

I don't know how to let it go

G

Hold on to what you're told

But I don't know what you've been thinking

D

Hey what'd you know

Guess I don't know anything,

Em

Won't see you again my love

G

You say forever, can't touch it

Bm

Hollar now you want it

Bm **D**

Gonna see, see how do you love again?

G

Higher than the stars

A

She covered in my hands tonight

(Oh baby)

Bm

Hollar now you want it

Bm **D**

Gonna see, see how do you love again?

G

Covered by the dark, no light

A

She covered in my hands tonight(oh baby)

(**Bm** **D** **G** **A**)
