     Am  C  G  D
     Am  C  G  D
     Am  C  G  D
```

```
Am            C             G  D
Here?s the story of a little boy
Am            C          G  D
Whose mind was free as a bird
Am            C              G        D
With his own imagination he could reach the sky
Am         C             G        D
He was living in a magical fantasy world
```

```
Am         C          G   D
He was happy with no much
Am         C             G        D
His family and his imaginary friends
Am            C             G        D
But one day he started to understand
Am            C                 G          D
That the real world is not the place he thought
```

```
F                        G
So, he crashed against a wall
F                    G
I guess now it?s time to grow
```

```

I guess now it?s my time to grow
```

```

       Am  C  G  D
```

```

When reality hits you hard
F                        G
You must be will to lose it all
```

```
Am
