

Under The Symphony - Shine For You

Tom: E

We spent together a long time
 She is the chosen one
 But something happened to change it all
 Why she has to leave?

Under a symphony we grew
 And we learnt to fly
 In one way or another I feel fine
 With she in my mind

(C G)
 (D G)

If you want to stay, I will stay with you
 If you want to run, I will run with you
 If you want to shine, I will shine for you my love
 Under the Symphony

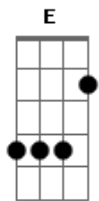

(C G)
 (D G)
 My thoughts are constantly drifting away
 Don't get me wrong
 There is no time for fear anymore
 She is the only one

(C G)
 (D G)
 If you want to stay, I will stay with you
 If you want to run, I will run with you
 If you want to shine, I will shine for you my love
 Under the Symphony

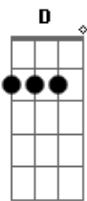

(C G)
 (D G)

If you want to stay, I will stay with you
 If you want to run, I will run with you
 If you want to shine, I will shine for you my love
 Under the Symphony
