

# Under The Symphony - The Masking

tom: [Intro] D Em G D Bm

Em  
Born in '93

G D Bm  
Always meant to be free

Fucking legend  
Em G D Bm  
Now I'm kicking out my old ways

Em G  
Vanity and promiscuity  
D Bm  
I don't give a fuck if you disagree  
Em G D Bm  
Welcome to my new promise land

Em  
And I tried

I failed  
G  
I lied

I hid it  
D Bm  
I should never trust in my feelings  
Em G D Bm  
Nothing's gonna break my mask

Em  
I loved

I lost  
G  
I dropped

I trusted  
D Bm  
And I've been fooled again  
Em G D Bm  
But nothing's gonna break my mask

( D Em G D Bm )  
( D Em G D Bm )

Em G  
Twenty-one century  
D Bm  
New era of luxury  
Bm  
Denying poverty  
Em G D Bm  
When football ate it all

Em G  
Fucking integrity  
D Bm  
Do you want to have your own movie?  
Em G D Bm  
Then you should be a serial killer

Em  
And I tried

I failed  
G  
I lied

I hid it  
D Bm  
I should never trust in my feelings  
Em G D Bm  
Nothing's gonna break my mask

Em  
I loved

I lost  
G  
I dropped

I trusted  
D Bm  
And I've been fooled again  
Em G D Bm  
But nothing's gonna break my mask

Am Em  
I feel, I feel so safe, and so secure  
Am Em  
I have, I have the strength to endure  
Am Em  
And no one, will ever hurt me again  
G  
Again

G  
In a world where everybody wears a mask  
  
It's a privilege to see a soul

Em  
And I tried

I failed  
G  
I lied

I hid it  
D Bm  
I should never trust in my feelings  
Em G D Bm  
Nothing's gonna break my mask

Em  
I loved

I lost  
G  
I dropped

I trusted  
D Bm  
And I've been fooled again  
Em G D Bm  
But nothing's gonna break my mask

Em  
I tried

I failed  
G  
I lied

I hid it  
D Bm  
I should never trust in my feelings  
Em G D Bm  
Nothing's gonna break my mask

Em  
I loved

I lost  
G  
I dropped

I trusted  
D Bm  
And I've been fooled again  
Em G D Bm  
But nothing's gonna break my mask

Em

And I tried

I failed

G

I lied

I hid it

D

Bm

I should never trust in my feelings

Em

G

D

Bm

Nothing's gonna break my mask

Em

I loved

I lost
