I've got you on my mind
Seems like 24 hours a day
Don't know how I caught this thing
Oooh, but it's happening
When you're near, symptoms clear
I think I've got a phobia fear
I don't wanna fall in love
But still I can't get enough

[Ponte]

No, I never felt this way before
Help please, can't take it anymore
And I've never loved just anyone like you
So tell me what you're gonna do

[Refrão]

Because I'm lovesick
Caught this girl and she's gone right to my heart
Doctor, don't you know
I can't sleep at night, can't do nothing right
Help me, I don't know how to stop
Because I'm lovesick
Hurts so good, you know I don't want a cure
Baby, can't you see my heart is too far gone, yeah
Hope the remedy works quick
So good, I'm lovesick
Got a notion, a magic potion

Is what I really need today
Come and chase my blues away
'Cos love is the price I'll pay

[Ponte]

No, I never felt this way before
Help please, can't take it anymore
And I've never loved just anyone like you
So tell me what you're gonna do

[Refrão]
