

# Unkle - Glow

Tom: **G**  
Intro: **E**

**E**  
Out of all contexts and scenery  
**G**  
[issue's] laughter rings inside of me  
**E** **Em**  
Aching paths don't cross so easily  
**G**  
Break my back to see things differently  
**E**  
So glow  
**Em G**  
We've held off the cold  
**E**  
Low and behold  
**G** **E**  
The season's passing toll

I find reasons and stop wondering  
**G**  
The different ways in which we feel the same  
**E**  
Give too much to what-if imagery  
**G**  
Now the second time means more to me  
**E**  
So glow  
  
We've held off the cold  
  
So glow  
  
We've held off the cold  
**Em G** **E**  
Low and behold  
**D** **E**  
Turns winter spring and fall.
