

# Unkle - Glow

Tom: G  
Intro: E

E  
Out of all contexts and scenery  
G  
[issue's] laughter rings inside of me  
E Em  
Aching paths don't cross so easily  
G  
Break my back to see things differently  
E  
So glow  
Em G  
We've held off the cold  
E  
Low and behold  
G E  
The season's passing toll

I find reasons and stop wondering  
G  
The different ways in which we feel the same  
E  
Give too much to what-if imagery  
G  
Now the second time means more to me  
E  
So glow  
We've held off the cold  
So glow  
We've held off the cold  
Em G E  
Low and behold  
D E  
Turns winter spring and fall.
