

Upper Room Music - To The One

tom:
Intro: Gb Gb B Eb Db Gb

It's the mystery
Of this hope in me
How You hold the stars
Yet You hold my heart

One who's first and last
Wiped away my past
Perfect royalty
Made His home in me

To the One who holds the stars
We lift You higher, we lift You higher
To the One who holds our hearts
There is no other
There is no other like You

(Gb Gb B)
(Eb Db Gb)

King of endless life
Yet You chose to die
On a sinner's tree
Exposed for me

With one final breath
It is finished
Stormed the gates of hell
Ripping through the veil

To the One who overcame
We lift You higher, we lift You higher
To the Name above all Names
There is no other

There is no other
To the One who overcame
We lift You higher, we lift You higher
To the Name above all Names
There is no other
There is no other like You
