

UPPERROOM - Love Note

```
tom:
Intro: Dm G C Am
[Primeira Parte]
I sent My only Son
To be with whom I love
You are all I want
 С
The wonder of it all
From Heaven's gates
You catch my gaze
[Refrão]
And I love you in the morning, in the
Noontime, in the evening
You're My one thing, you're My dearest
Here's My love note, can you hear it?
( Dm G C Am )
[Segunda Parte]
A dinner for two, just Me and you
Let's take some time to sit down and
I broke My bread and poured out My wine
I did what it took to make you My bride
I'm bringing you back to the garden
Back where it all started
All your sins have been pardoned
Now we just get to be together
       Dm
Now we just get to be together
[Refrão]
And I love you in the morning, in the
Noontime, in the evening
