

Vampire Weekend - Run Acustico

Tom: D

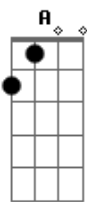

Every dollar counts
 And every morning hurts
 We mostly work to live
 Until we live to work
 She said, "You know,
 There's nowhere else to go."
 But change in rows
 It struck me that the two of us could RUN.
 (G D A)
 Worlds away from cars
 And all the styles and bars
 Where a little bit of competition means so much

And a little bit of change is all your little fingers touch
 I said, "You know,
 There's nowhere else to go."
 But change in rows
 It struck me that the two of us could RUN.
 (G D A)
 It's only with you
 It's the only else where to go
 And I could take two
 But I really couldn't ever know
 Honey with you
 And a little powered radio
 We could try.
