

Van Halen - Feels So

tom:
 C
 Yesterday I saw my love light shine
 Am
 Straight ahead in front of me
 F
 You never really know
 G
 When love will come or go
 But yesterday I was alone
 Suddenly I walked you home
 I never really knew
 G A
 What love could make me do
 Chorus
 D Bm Gbm G
 I'll send the message in a bottle
 Trust in the mercy of the sea
 D C D C
 Stormy weather, oh yeah
 D C D F G
 Waitin' for love to set me free
 Everyday I watch the tide roll in
 Stay until it rolls away
 Though nothing's on the shore
 I'm running back for more

I'll send the message in a bottle
 Pray for the mercy of the sea
 Stormy weather, oh yeah
 Waitin' for love to rescue me
 Feels so good, feels so nice
 When love comes around
 I feel good, so good, so good, so good
 It feels so nice, so nice
 Feels so good
 Feels so good
 Feels so nice
 When love comes around
 I feel good
 Gonna make her feel nice
 When love comes around
 I feel good
 So good, so good, so good
 Come on, baby
 Make me feel good
