

# Vancouver Sleep Clinic - Collapse

Tom: **Ab**

Intro: **Ab**

**Cm**

I'd sunk in oceans blue

**Bb** **Ab**

Now they're all frozen over

**Cm**

I should have took your hand

**Bb** **Ab**

We should have crossed the border

**Cm** **Bb**

Because never again

**Ab**

Means none of this at all

**Cm** **Bb**

Forever pretend

**Ab**

In our shelters we don't fall

**Cm** **Bb** **Ab**

Falling short again

**Cm** **Bb** **Ab**

I'm falling short again

**Cm** **Bb** **Ab**

The ranges set so high

**Cm**

And I could never climb

**Bb** **Ab**

Falling

**Cm**

It's so cold, I've come out

**Bb**

Where's the all I have to show

**Ab**

The knowledge that I've never known

**Ab**

The garden that I failed to grow

**Cm**

Cause when the wreck is through and it's all consumed

**Bb** **Ab**

Maybe then baby, you'll tell me that we didn't cling to enough

**Ab**

That we couldn't outlast the rough

**Cm** **Bb** **Ab**

Falling short again

**Cm** **Bb** **Ab**

I'm falling short again

**Cm** **Bb** **Ab**

The ranges set so high

**Cm**

And I could never climb

**Bb** **Ab**

Falling

**Ab** **Cm**

On my own

**Bb** **Ab** **Cm** **Bb**

I've been outgrown

**Ab** **Cm**

On my own

**Bb** **Ab**

I've been outgrown

**Ab** **Cm**

We've been outgrown

**Bb** **Ab** **Cm**

We've been outgrown

**Bb** **Ab** **Cm**

We've been outgrown

**Bb** **Ab** **Cm**

We've been outgrown
