

# Vancouver Sleep Clinic - Flaws

Tom: C

The weight, I'm gone  
In my skin, I'm lost  
Tangled in the bones of this love  
Melding to the flow of your blood

Grace bestowed  
But I was shaped with snow  
Seasons don't change  
Ignorance remains

I need this alone  
I need this alone

Am - C - G (REPEAT 2x)

The burdens on this chest  
The vessel of these words  
Sinking under tension

Drew afterthoughts and hurt  
The burdens on this chest  
The vessel of these words  
Sinking under tension  
Drew afterthoughts and hurt

Am - C - F (REPEAT 2x)

I need this alone  
I need this alone

The burdens on this chest  
The vessel of these words  
Sinking under tension  
Drew afterthoughts and hurt  
The burdens on this chest  
The vessel of these words  
Sinking under tension  
Drew afterthoughts and hurt
