Faço silêncio pra saber

Olho pro céu, a chuva vai nascer

Chora teu pranto sobre nós

E me calei pra não molhar a voz

Faço uma prece pra te ver

Fundo do céu sou eu que vou nascer

Entre o meu ventre e o despertar

Clarão no breu, trovoa e venta

Talvez o céu se mexa

Eu sei que tudo se desfaz

E pra nascer um rio

Meus olhos enchem dessa água

Gbm

F#4(7M/9)

É como encher vazio

Molhar a voz, germina a noite

E ao te ter comigo, sou Lua cheia

(Gbm D)
