

Vanguart - The Prettiest Song

```
Tom: G

D G
dearest girl, i'm worried 'bout us
D G
losing you became my worst curse
D G
i won't say that i will buy you a car
D G
and i won't buy you some stars

D G
there're too many words i would like to say
D G
but i truly don't know how to begin
Bm E A Am
you mean too much to my life
Bm E A Am
you mean so much that i can't hide

C Bm Am G
when i sing these songs, sing this songs
C Bm Am G
```

```
sing these songs, sing this songs
                       although my songs are sad % \left( 1\right) =\left( 1\right) \left( 1\right)
                                   they are the prettiest songs
           as you are the prettiest star
                       and i am the happiest guy
                       so i sing these songs for you % \left\{ 1,2,\ldots ,n\right\}
                         talkin''bout your holy face, eyes, hair, hand, face, eyes,
hair, hand
                       \ensuremath{\text{i}} wrote these songs for you
                       that's why they're so.. so.. so..
                                                                                                                                                                                       G
                                                                                                                                                                                                                                                           C Bm Am G
                                                                                                                                                                                                                                                                                                                                                                                                                                                                             C Bm Am G
                                                                                                                                                                                 D
 beautifuuuullll..beautifuuuullll..beautifuuuullll..beautifuuuu
 llll.. beautiful.
