

Vansire - That I Miss You

tom:

Intro: Dbm A7 E
Gbm E7 Ab
A7 Abm Gbm
E7 Dbm

[Primeira Parte]

Headed west now
From the blighted plain
It's kind of gorgeous
In a georgic way
Staring outside
Watching every change
I think it's just a type
Of way to explain

[Refrão]

How I miss you
How I hope you're fine
That I've been sad
Tracing Lichtensteins
With my eyes closed
On the phone at night
Always bummed out
Cause the world's not right
At this time

(A7 Dbm Gbm D7)
(A7 Dbm Gbm Ab)

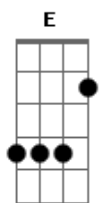

[Segunda Parte]

At the drive-thru
With the headlights on
And now I'm feeling like
I'm Roquentin
In a streetcar
Near Corrine Marchand
I'll go Michel Legrand
And set it to song

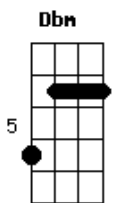

[Refrão]

How I miss you
How I hope you're fine
That I've been sad
Tracing Lichtensteins
With my eyes closed
On the phone at night
Always bummed out
Back in New York
In the August sun
Wandering Greenpoint
While the L still runs
And I run back
To a different day
In the meantime
You can dance, you can hit replay
