As far as I know, Stevie Ray has not released this song on any of his albums. The intro riff is just as serious as the lyrics, and I have a hard time keeping a straight face when I play it. It took me about ten minutes to figure it out and a few hours to really get it down. Use lots of reverb and (as always with S.R.V.) tune down 1/2 step.

P.S. -- This is my first shot at writing tab, so bear with me.

I've been moochin' off you all for so long that
I figured I ought to make some contribution.

Legend:

h = hammer on
p= pull off
x = mute string immediately after note is played
/ = slide up
\ = slide down
~ = wiggle your fingers
Intro: Riff:

Riff 2:

God knows I love you darlin'(I'll) tell the world I do.....

Riff 3 goes something like this????:
