I am 64 and life is great  
Want to be 73 and hope heaven can wait  
I am not too old and my health is still fine  
I still have my hair, and every day I drink wine  
I am hipertensive, my blood pressure  
Is too high and  
Diabetes under control  
You still need me and you still feed me  
I have insomnia and don't sleep untill tree!

I am 64 and life is great  
Want to be 73 and hope heaven can wait  
I need to exercise and reduce my wheitht  
Food? Something light no drink no dessert  
I can make love and sex is free  
Bm7 E7 Em7 A7
