

Victor Almeida - In Your Presence

tom:

C

In the stillness, I find You here

In the quiet, I draw near

Every whisper, every breath

You're the life inside my chest

In Your presence, all my fears dissolve

In Your presence, I am made whole

There's no place I'd rather be

Than in Your love, setting me free

Through the valley, You walk with me

In the darkness, You're all I see

Every shadow, fades away

As Your light leads the way

In Your presence, all my fears dissolve

In Your presence, I draw near

In Your presence, I am made whole

There's no place I'd rather be

Than in Your love, setting me free

Through the valley, You walk with me

In the darkness, You're all I see

Every shadow, fades away

As Your light leads the way

C.
Your love surrounds me

It never fails, it never leaves

I'm overwhelmed by Your grace

In Your arms, I find my place

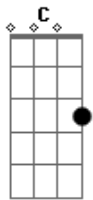

In You find my place

[Final]

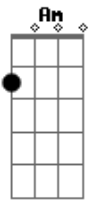

In the stillness, I find You here

In Your presence, I draw near
