

# Villagers - Everything I Am is Yours

tom:

Intro: Am D Bm Em G A

Verso 1:

I am just a man tippin' on the wire  
Tight rope walking fool balanced on desire  
I can not control these ever changing ways

So how can I be sure the feeling will remain  
It'll always change

Refrão:

But everything I am is yours  
Everything I am is yours

Verso 2:

Find it hard to say what's going on inside

Got these little walls, couldn't break them if I tried  
But I promise I'll be true and I promise I'll be right

Sickness and in health

In the darkness and the light

I give you every sigh

Refrão:

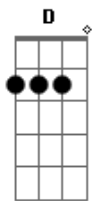

'Cause everything I am is yours  
Everything I am is yours

Ponte:

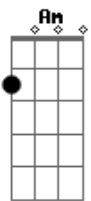

(A ) Left my demons at the door  
So what you opening it for?  
I guess they'll help you understand

Everything I am, Everything I am
