

Villagers - Nothing Arrived

tom:

Intro: G Am Em C
G Am Em C

[Primeira Parte]

Savanna scatters, and the seabird sings
So why should we fear what travel brings?
What were we hoping to get out of this?
Some kind of momen-tary bliss?
I waited for something, and something died
So I waited for nothing, and nothing arrived

[Segunda Parte]

It's our dearest ally, it's our closest friend
It's our darkest blackout, it's our final end
My dear sweet nothing, let's start anew
From here on in is just me and you
I waited for something, and something died

So I waited for nothing, and nothing arrived

[Ponte]

Well, I guess it's over, I guess it's begun
It's a losers' table, but we've already won
It's a funny battle, it's a constant game
I guess I was busy when nothing came

I guess I was busy (when nothing arrived)
I guess I was busy (when nothing arrived)
I guess I was busy (when nothing arrived)
I guess I was busy

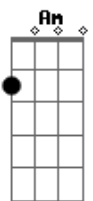

[Final]

I waited for something, and something died
So I waited for nothing, and nothing arrived
I waited for something, and something died
So I waited for nothing, and nothing arrived
