Vinícius Galant - Mud

```
Tom: D
                                                                  It would take some time
                                                                                           Fm
   [Intro] Am C F Am F
                                                                Till he found he was in a place he would never belong
m
                                                                                          Bb C
                                                                                                             Dm
                                                                  Under the wings of what he thought was a heart
Am
 Woke up, got himself up look into the foggy mirror
F
                                                                 F
                                   F
                      Am
 I\,{}^{\prime}\textsc{m} not a part of it, I\,{}^{\prime}\textsc{m} not a part of it
                                                                  I want your blood
                                                                                             Am
                                            Fm
 Looked back to the fog, to the time glass, to find nothing
                                                                I want your eyes you get me through it all
                                                                                                                F Em Dm
at all
                                                                 G
                                                                   F
                               Bb
                                       С
                                            Dm
                                                                  I want it up, I want your mud and attention
F
A light from a distant shore, to the ocean low
                                                                                                    Am
                                                                Give me the mud, not the mud you made me swallow
                                                                  F
I want real love, the one that comes in a bottle
                                                                                                                      F Em Dm
 I want your blood
                            Am
I want your eyes you get me through it all
                                                                  I want your blood
                                              Dm Em Dm
                                                                                             Am
                                                                                                          G C
  I want it up, I want your mud and attention
                                                                 I want your eyes you get me through it all
                                Am
                                                                                             D
                                                                   F
Give me the mud, not the mud you made me swallow
                                                                  I want it up, I want your mud and attention
                                                                 F
                                                                                                    Am
 I want real love, the one that comes in a bottle
                                                                  Give me the mud, not the mud you made me swallow
                                                                G F
                                                                                                   Bb
