

Virginia O'Brien - Say That We're Sweethearts Again

Tom: Ab

(com acordes na forma de G)

Capostrate na 1ª casa

Life used to be a gay thing
A filled with happiness, night and day thing
It was something to have and to hold
But it seems that your love grew cold
I never knew that our romance had ended
Until you poisoned my food
And I thought it was a lark
When you kicked me in the park
But now I think it was rude
I never knew that our romance had finished

Until that bottle hit my head
Though I tried to be aloof
When you pushed me off the roof
I feel our romance is dead
It wouldn't have been so bad if you'd told me
That someone had taken my place
But no, you didn't even scold me
You just tried to disfigure my face
You'll never know how my poor heart is breaking
It looks so helpless, but then
Life used to be so classic
Won't you please put back that acid
And say that we're sweethearts again
