

VOILÁ - LIFEBLOOD

You are my lifeblood tom: I think that this may be true love You are my lifeblood Everyone else has been bad luck I think that this may be true love So I'll take my chances with you Everyone else has been bad luck You're like this diamond So I'll take my chances with you A way I'm forever reminded That home is wherever we find it You and your surefire heart I'd know you in the dark So I'll take my chances with you Bm I've only felt this spark with you Em G Bm A We dance with no music on Silver and gold Your heart beat's my favorite song Bm The hand that I hold I'll make us a world that's built for two I wanna grow old Silver and gold Counting the laughter around your eyes (around your eyes) I can't hide The hand that I hold I wanna grow old You are my lifeblood Counting the circles around your eyes I think that this may be true love I can't hide Everyone else has been bad luck You are my lifeblood So I'll take my chances with you I think that this may be true love You are my lifeblood Everyone else has been bad luck I think that this may be true love So I'll take my chances with you Everyone else has been bad luck You're like this diamond So I'll take my chances with you A way I'm forever reminded You're like this diamond That home is wherever we find it A way I'm forever reminded So I'll take my chances with you That home is wherever we find it I think to die with you So I'll take my chances with you Is what I was born to do Silver and gold Our story will read so beautifully The hand that I hold If ever the well runs dry I wanna grow old The Sun falls out of the sky Counting the circles around your eyes I promise our love is all we need, oh I can't hide
