tom:  
<sup>D</sup>  
<sup>D</sup>  
 You are my lifeblood  
<sup>A</sup>  
 I think that this may be true love  
<sup>Bm</sup>  
 Everyone else has been bad luck  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 You and your surefire heart  
<sup>A</sup>  
 I'd know you in the dark  
<sup>Bm</sup> <sup>G</sup>  
 I've only felt this spark with you  
<sup>D</sup>  
 We dance with no music on  
<sup>A</sup>  
 Your heart beat's my favorite song  
<sup>Bm</sup> <sup>G</sup>  
 I'll make us a world that's built for two  
<sup>D</sup>  
 Silver and gold  
<sup>A</sup>  
 The hand that I hold  
<sup>Bm</sup>  
 I wanna grow old  
 Counting the circles around your eyes  
<sup>G</sup>  
 I can't hide  
<sup>D</sup>  
 You are my lifeblood  
<sup>A</sup>  
 I think that this may be true love  
<sup>Bm</sup>  
 Everyone else has been bad luck  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 You're like this diamond  
<sup>A</sup>  
 A way I'm forever reminded  
<sup>Bm</sup>  
 That home is wherever we find it  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 I think to die with you  
<sup>A</sup>  
 Is what I was born to do  
<sup>Bm</sup> <sup>G</sup>  
 Our story will read so beautifully  
<sup>D</sup>  
 If ever the well runs dry  
<sup>A</sup>  
 The Sun falls out of the sky  
<sup>Bm</sup> <sup>G</sup>

I promise our love is all we need, oh  
<sup>D</sup>  
 You are my lifeblood  
<sup>A</sup>  
 I think that this may be true love  
<sup>Bm</sup>  
 Everyone else has been bad luck  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 You're like this diamond  
<sup>A</sup>  
 A way I'm forever reminded  
<sup>Bm</sup>  
 That home is wherever we find it  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 Silver and gold  
<sup>A</sup>  
 The hand that I hold  
<sup>Bm</sup>  
 I wanna grow old  
 Counting the laughter around your eyes (around your eyes)  
<sup>G</sup>  
 I can't hide  
<sup>D</sup>  
 You are my lifeblood  
<sup>A</sup>  
 I think that this may be true love  
<sup>Bm</sup>  
 Everyone else has been bad luck  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 You are my lifeblood  
<sup>A</sup>  
 I think that this may be true love  
<sup>Bm</sup>  
 Everyone else has been bad luck  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 You're like this diamond  
<sup>A</sup>  
 A way I'm forever reminded  
<sup>Bm</sup>  
 That home is wherever we find it  
<sup>G</sup>  
 So I'll take my chances with you  
<sup>D</sup>  
 Silver and gold  
<sup>A</sup>  
 The hand that I hold  
<sup>Bm</sup>  
 I wanna grow old  
 Counting the circles around your eyes

 I can't hide
