

Volbeat - Fallen

Tom: **C**

(com acordes na forma de **D**)

Afinação: **D G C F A D**

Feel the sadness burning in my heart
You left to early father love
So many things I should have said
But in your mind you knew it well
Holding on to what I got and love
But things still seems so dark and cold
The fire is burning down my happiness
But I will rise

Verso:

So proud and strong you truly were
I took it with me as a tool
A gift from father to his only son
Watching over me with eagle eyes
You gave me freedom to a life
where dreams are born and truly became real

Refrão:

See me falling, down and lonely
Are the angles on their way, I'm in the dirt
Hear me screaming, see me bleeding

Cause the days no more the same without you

Pos-Refrão/Verso:

Promise me my son you always will
Cherish what you love believing in
Never lose your values, stand up for the day
Oh dear father I thank you for the years
I'm writting this song on your desk
Together we can make it through the day

Refrão:

See me falling, down and lonely
Are the angles on their way, I'm in the dirt
Hear me screaming, see me bleeding
Cause the days no more the same without you
