

VOUS Worship - Worship Works

tom:
Intro: Am7 F7M C C
Am7 F7M G G

[Primeira Parte]

Have mercy on me
I'm tired and I'm weak
I know I should be
Faithful and strong

[Segunda Parte]

God teach me to trust
Lord, lead me to follow
Help me to see
I'm never alone

[Pré-Refrão]

It's more than a feeling
And I've got a reason
To lift my hands and believe

[Refrão]

That's how worship works
It's the power of praise
Lifting the weight of the world off
My shoulders
Building my faith
It's His truth in an anthem
It's my prayer in a song
Singing the words of my God and
My Savior
All the day long

(C)

That's how worship works

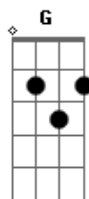

[Terceira Parte]

Create within me
A spirit that's willing
Help me to see
I'm never alone
[Ponte - 6X]
Late in the midnight hour
Feel the earth start to shake
Hear the chains, hear the chains
Late in the midnight hour
Soon as I start to praise
Hear them break, hear them break
(Watch them break, watch them break)
(Feel them break, feel them break)

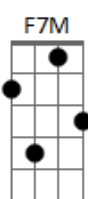

Feel them break, feel them break
Feel them break, feel them break
Feel them break, feel them break
Feel them break, feel them break

That's how worship works
That's how worship works
That's how worship works
That's how worship works
That's how worship works
It's His truth in an anthem
It's my prayer in a song
Singing the words of my God and my
Savior
All the day long
That's how worship works
